Carey calls ballot rumors 'blatant lies'

By STEVE O'LEARY
ANP Staff Writer

According to Huron Township Clerk Mary Lou Carey, the rumors going around town that she has illegally handled absentee ballots in the Nov. 6 election are "not true ... a blatant lie made up by people who know the truth of the matter, but prefer to try and discredit me and the township."

An administrator for the Wayne County Elections Bureau

charge of the absentee ballots, it's required by law.

"When the absentee ballots come back in, I don't touch them, and the people calling the elections bureau know that. There would be nothing wrong if I did handle them, according to the law, but I make it a point not to," said Carey.

"You have to understand," said the county administrator, "That there is a very, very delicate feeling between the clerk (Carey) and the person that won

agreed, saying, "we received calls from a few different people, including a township board member, all claiming possible improprieties which, after being checked out, were shown to be false."

Carey has been criticized recently by candidates Ralph Dugan and Doris Davis

"There's something wrong when a clerk that has been defeated is handling the absentee ballots, especially when she herself is involved again in the campaign as she (Carey) is," Dugan has stated.

According to the elections bureau though, not only is it proper for the clerk to have

the nomination from her (Davis). Doris Davis was behind the unsuccessful petition recall drive against Mary Lou a few years back. I'm satisfied that there is nothing to substantiate what was said."

Adding fuel to the fire, the county elections office was also called last week after a small after-hours fire erupted in township hall and forced fire fighter to break in through the side door.

According to one council member, it was noticed that one of the absentee ballots was missing.

"It was not a voted ballot, it was a blank one," said Carey, "and it was picked up by some-

Students 'run' for fun

ANP Photos by Guy Warren

There may have been a chill in the air, but that couldn't keep more than 100 students, parents and staff members from participating in the annual fun run recently at Hale Creek Elementary School.

"Actually," said Art McPharlin, principal at Hale

Creek, "it was an annual event, but when we were forced to drop our physical education program two or three years ago because the school systems lacked funds, it stopped. Now, because the voters of Romulus passed the millage, we have our program — and our fun run, back

again."

The run was the culminating activity of physical education teacher Sheila Stasak's three-week class, and was under her direction.

According to Stasak, "our fun run is an excellent opportunity for the children to util-

ize the skills they've worked on in class, such as the necessity to warm up properly, exercise and pacing oneself when running."

First and second graders ran a quarter mile, third and fourth graders ran a half mile, while fifth and sixth graders went a full mile. Principal Art McPharlin went along for the run the first quarter mile, but later laughingly admitted he "didn't even make that!"

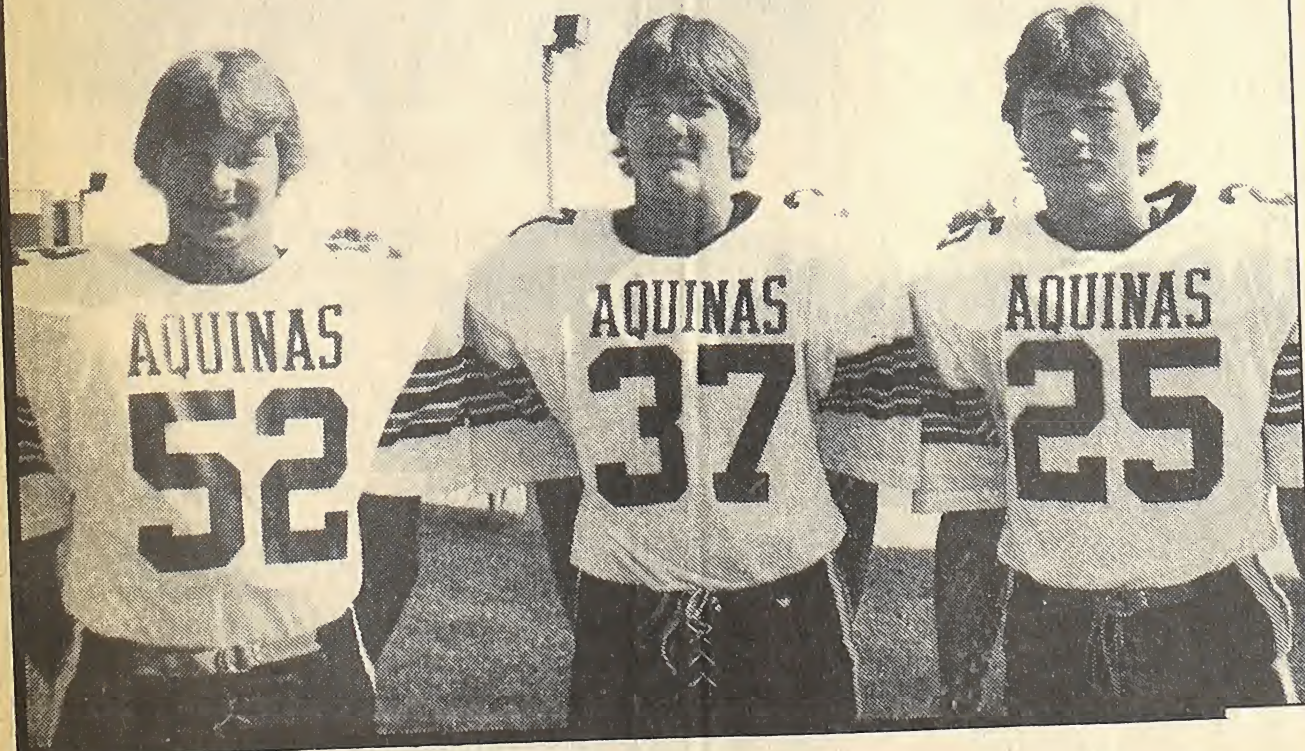

Parents, including Joann Bjork, Patricia Coleman, Christine Ochs and Lorraine Wilkerson assisted by registering students and helping during the race.

Each participant who completed the run received an achievement award. In addition, the top three finishers in each division received prizes. The awards and prizes were donated by the Halecreek Parent Teacher Guild.

Afterwards, McPharlin stated that "this kind of activity is a good example of how the school staff, parents and the PTG can work together to provide a different, meaningful program for the students that are enjoyable as well as good for them."

A winning season

These three Romulus youths have just finished off a fine football season for their alma mater, Aquinas High School. Pictured are (from left) Tim Stienhardt, Lee Prybyla and Paul Treder. Aquinas finished their season at 6-3 after falling to Brother Rice in the finale last weekend at the Pontiac Silverdome.

Bedell, Lewkowicz differ over payment of taxes

According to treasurer John Lewkowicz, the Romulus school district has been receiving their payments from the city's tax collections "faster and on a more regular basis than last year."

Not so, says Superintendent of Schools Dr. William Bedell.

"That is just not true," Bedell said, "not true at all. We've been getting our money on a much less regular schedule this year than last."

Bedell is scheduled to meet with Lewkowicz Thursday to discuss a payment schedule. A meeting scheduled for last Thursday was cancelled when Lewkowicz was called away to Lansing.

"We are concerned about the timely delivery of the money," Bedell said. "It isn't an uncommon thing. It isn't at all unusual to see this problem between cities and their school boards."

"What has to happen is the board sits down with the treasurer and works out a payment schedule. That's what we did last year when (Mayor) Beverly McNally was treasurer, and it worked out fine. We received payments every two weeks in amounts that were mutually satisfactory."

"If the city keeps control of the school money, then the city will profit on the interest that is rightfully ours, rightfully belongs to the school district."

Bedell said that the problem stems from the law regarding such matters, which states that "the schools should receive the money no later than 10

days after the city gets it."

"The problem is," said Bedell, "is that it's vague. Does that mean 10 days from when the taxes are collected or 10 days from when the city puts it in the bank? No one seems sure."

"Technically, we could go to court and get the money exactly 10 days — to the minute — from when we should. What we've been able to do in the past, and what we hope to do with Mr. Lewkowicz is work something out."

Lewkowicz maintains that his office's payments are more timely than past years offered the school district, and said that "if they (Bedell and the school board) want to go out and collect their own taxes, then fine, let them."

"We're giving them a free tax collection service and they're still griping," Lewkowicz said, referring to the fact that the Romulus school system pays no "collection fee."

"While it's true that we don't pay a collection fee, I question the inference that any school district pays one. That's something that is usually added onto property taxes," said Romulus School District Business Administrator Joel Carr.

"Every penny that the city has invested of ours is earning them money that is rightfully ours," Bedell said. "We will pursue whatever legal channels that are necessary. We'll give it one more shot (at Thursday's meeting) from our end, and that's all."

"If they want to go out and collect their own taxes, then fine let them. We're giving them a free tax collection service, and they're still griping."

CHIROPRACTIC OUTLOOK

By Dr. Thomas Anderson

IS GRAVITY WORKING AGAINST YOU?

During the course of an average day, there is a relentless gravitational pull on your body. As the years pass, it becomes more difficult for your body to resist the downward pull. Eventually, your spine compresses and circulation is impeded. Result? Recurring backache, stooped posture, debilitating aches and pains.

Your chiropractor is a trained professional in the drugless treatment of spinal misalignments or subluxations. Through gentle manipulation, displaced vertebrae are realigned to their normal position. With relief from constant pressure and tension, back and body pains are eased.

Your chiropractor's approach includes prescribed exercises and postural guidelines. Presented as a service to the community by

Quick thinking

On Sept. 6, two young Romulus men experienced a near-fatal accident when one of them, Kenneth Kitchens (left) had climbed into a tree and inadvertently touched a wire live with electrical current and his grasp was frozen to the wire. Ronald Re (right), thinking quickly, immediately attempted to free his friend by grabbing his tennis shoes and pulling him loose to break contact with the wire. Both young men were taken to the hospital, where Ronald's quick action was cited with saving Kenneth's life. At a city council meeting late last month, he was given a resolution citing him for bravery from the city of Romulus, which went well with the two he also received from the state.

Station robbed on Devil's Night

The Total Service Station, located at Middlebelt and Eureka in Romulus, fell victim to Devil's Night when an armed robber held up the store at approximately 1:50 a.m. and got away with an undisclosed amount of money.

According to police, a lone

man, described as being "a white male, about 6-foot-three, husky, with short black hair, cut military style, and a full beard, walked up to the pay window and pointed a gun at the 18-year-old attendant and told him 'this is a holdup. Give me the money'."

The alleged holdup man then

fled the scene on foot, heading east into Taylor.

Police say they took their tracking dog to the scene, but he was unable to pick up the scent.

Anyone with information should contact the Romulus Police Department.

New ice rinks

Last spring, councilman William Wadsworth asked the city administrators to look into the possibility of adding new ice rinks for those residents interested in outdoor winter fun. Now, thanks to Romulus Parks and Recreation Director Debbie Dick, it's becoming a reality.

Dick has proposed ice rinks at the following locations: the rink formerly at Fire Station #3 would be moved to Fernandez Park; the ice rink from Fire Station #2 would be moved to Gordo-

nier Park; new rinks would be constructed at Barth, Hale Creek and Hayti schools; and already existing rinks at Kennedy and Merriman schools would be repaired if needed.

According to Dick, the only area of the city without a rink available would then be the Wyndelift subdivision area, although she says the city is actively attempting to locate a suitable piece of land there.

"I'm really glad this is going to be happening," said Wadsworth. "I've heard from residents that Romulus needed more of this type of thing to let them enjoy themselves in their home town, so that they won't need to go to other communities for it."

Park lease signed

A tentative lease agreement between Romulus Community Schools and the city of Romulus has been signed, which designates the area behind South Junior High School as Senior Citizens Park. The city will be paying only \$1 a year rent.

Holiday changes meeting

Since Monday, Nov. 12, is a legal holiday — Veteran's Day —

Romulus City Hall will be closed that day and the council meeting, which would normally be held that night, will be postponed one day.

The council will gather in the chambers at city hall at 8 p.m. Tuesday.

Paving program announced

The following is a schedule for the 1984 paving program according to Department of Public Works Director Robert Plank:

Ferndale between Goddard and Olive;

Mario Ann Court from Goddard to cul-de-sac;

Heldenbrandt Road between Middlebelt and Cordell;

Also, portions of Harrison, Henry Ruff and Brandt are scheduled for paving. According to Plank, one-half of each road will be done at a time to allow for the passage of emergency vehicles and school buses.

Residents living along the work area may be asked to refrain from parking along the job site pending completion of the project.

Take stock in America.

McDonald's Salutes

Angie Morrison
Seldom does a reader see Angie Morrison's name as the high scorer of a game, but the 5 feet, 5 inch senior Romulus guard has been the key to the Eagles' successful basketball season. "She's always assigned to stopping the best player on our opponent's team, and Angie always get the job done," says Coach Ron Bayes. McDonald's salutes Miss Morrison as its "Player of the Week."

ATHLETES OF THE WEEK

Scotty McNett
At 5 feet, 11 inches and 205 pounds, Scotty McNett makes his presence known and felt on the gridiron. The senior guard and defensive tackle has had an outstanding year for the Eagles who finished the season with a 4-5 record. Scotty is tough and will be an outstanding candidate to play college ball says Coach Norb Glover.

Carey labels absentee ballot rumors as 'lies'

Continued from Page A-1

one who thought it was an instruction ballot. Word of that got out and before you knew it, they're calling the county making all kinds of accusations."

The piece walked off with was one of four parts of a blank absentee ballot, and, according to Carey, "it was returned the next morning with apologies."

The ballot was pulled by Carey because of what she saw as a possible controversy.

"The person who took the ballot did so by mistake," said Carey, "they weren't involved with all the lies and bull —."

Carey said that there have also

been complaints that she and her unofficial campaign manager, Cookie Kowalski, had been "setting up shop in the back of a car," giving out ballots.

Carey claims that too is untrue.

"The ballots stay at township hall until a signed, numbered request for one comes in. These people calling the county know that."

"There is nothing wrong, no law against giving out applications like that," said the spokesperson for the election bureau. "In fact, the UAW and other factions do it wholesale in mass mailings. As long as the

ballots themselves are not passed out anywhere but township hall, then there is absolutely nothing wrong with the procedure. We were told that it was ballots that were being given away, but a check proved that false."

According to Carey, the entire township looks bad because a "few people are out to try and discredit me."

"I want to see a clean election on Tuesday (yesterday)," Carey said. "It's just a shame that a few people had to start flinging mud with lies and such, because I always have and always will do what is best for Huron Township. This is a fine place to live."

Going down

Huron cuts water, sewer charges

Huron Township residents will be getting a break on the cost of the water they use, according to an announcement by the Huron Township Water Board last week.

The Water Board, made up of the members of the Township Board of Trustees, said that reduction in water rates for residents will be forthcoming.

According to Clerk Mary Lou Carey, starting with the Nov. 1 billing, sewer rates will be reduced to 40 cents per 1,000 gallons, and water rates will go down 8 cents per gallon. This will be retroactive, since the bill is for the three previous months of water and sewer usage.

In other township news, rubbish pickup may be switching from bi-weekly to weekly pickups. When bids were opened at the last regular township board meeting, the lowest bid for weekly pickup was only \$4 more per quarter (three months) than is now being paid to have rubbish picked up every two weeks.

"I'm going to recommend that the board go with this bid," said Carey, "and offer it to the citizens at the same price they now pay. The township has the funds available to pay the extra."

BFI Industries, who is engaged in a lawsuit against Huron Township over a proposed landfill, was the high bidder for rubbish pickup, and

more than a few muffled laughs could be heard when their bid was read.

"That takes guts, for them to even bid," said one resident.

Huron Civic Theatre stages musical, '1776'

History students and history haters alike can enjoy the Huron Civic Theatre production of "1776", an award-winning musical treatment of those sweltering weeks in July of 1776 when the American Continental Congress discussed, argued about, and finally declared their independence from Great Britain. The story is sometimes serious, sometimes very funny and the songs and dances also go from lighthearted comedy to romance and drama.

The whole play can help theater goers to understand how the

country came to be, by humanizing the men whose names we know so well. Seeing these founding fathers as real people, with hopes and dreams and problems, gives the audience a different perspective on history.

There will be six

performances—Nov. 9, 10, 11, 16, 17 and 18, Fridays and Saturdays at 8 p.m., and Sunday at 3 p.m. Tickets are \$6 for adults and \$5 for students and senior citizens. Group rates are available. Call 782-1505 for information and tickets.

Election reflections

Election '84 is history. Some candidates are now elected officials and others have been rejected at the polls. Ballot proposals either have been transformed into law or placed on an ideological scrap heap.

Whether or not one's favorite candidate was elected remains secondary in importance to the fact that someone was elected at all. Each and every election day serves as a vivid reminder of the Democratic system and its freedoms, which separate us from others across the world.

As we reflect on the just completed election, we are overwhelmed by the significance of the entire process — the campaigning, the debating, the advertising, the polling and, finally, the balloting. Flawed or not, our system of democracy is best exemplified through our freedom of choice at election time.

Too much political rhetoric? No doubt. Too many special interests groups funding the candidates? Yes, there is cause for concern. Too much hand waving and too little exchanging of positions on issues? Again, we would prefer more substance at times.

The election process is far from perfect, but no one ever claimed that freedom of choice and expression would be devoid of

imperfections. Those of us who participated in the balloting yesterday truly are the most fortunate human beings on earth. We have the freedom to make mistakes.

Our participation in the voting booth, however, is merely a first step towards meeting our Democratic responsibility. Now we must make a commitment to stay involved in the governmental process throughout the year.

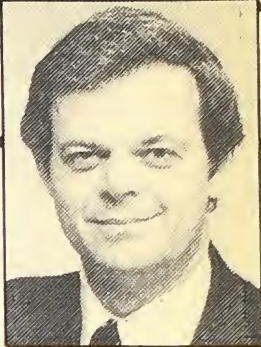

We need to communicate with our local, state and federal elected officials as important issues arise. Officials cannot react to public sentiment if the public remains apathetic. One vote every two or four years will not eliminate ineffective government ... an ongoing line of communication between the electorate and its elected leaders will turn campaign rhetoric into action.

We, the voters, play the lead role in the Democratic process. Accountability is a by-product of citizen input, concern and pressure on the White House, the State Capitol and city or township hall.

Our effectiveness in fulfilling this obligation will determine the success or failure of yesterday's vote. The real work has just begun.

Sense of direction

"Those who fail to heed the warnings of history are destined to repeat its mistakes."

By the time this column sees daylight, we will know who the "torch bearers" of the public trust known as political office will be. Those who labored these last months to unseat the incumbents, and have done so, will now test their own mettle in the issues confronting society and its leaders. Those convincing souls who persuaded the electorate they deserved to be returned to office to "finish the work begun" will now demonstrate through word and deed the integrity of the public trust.

Those endorsed and those not endorsed by political parties, unions, PTAs and, yes, newspapers will show us whether the endorsements and the basis on which they were made were valid or not. Many have fooled the people once, but, as Lincoln said, "You can fool some of the people all of the time and all the people some of the time, but you can't fool all of the people all of the time."

Specifically, the point is, I guess, we too often fail to learn from our mistakes or from the mistakes of our predecessors. Sometimes that results from our failure to be informed. Those who are unaware, uninformed or misinformed of the lessons of history assume office and attempt to reinvent the wheel.

Why can we not learn to profit more effectively from history? A rhetorical question, perhaps. Mercifully, most public office holders inherit staffs who are informed and, when retained, can provide continuity and insight.

Those returned to office offer a strong sense of continuity, although sometimes it might be an improvement if there were a little less adherence to policies of a time that has come... and passed.

On the national scene, given the nuclear age we live in, the price we may pay for a lack of a sense of history could be fatal for all mankind. State government in the hands of the incompetent or uninformed can cost jobs, destroy or seriously damage the economy, the environment and the future of the state. Locally, the potential for damage can be less devastating for mankind, but certainly may have a long-lasting impact.

Many times, to be sure, it is the poorly informed electorate which errs in the decision to pass a millage, save the farm lands, annex a township or convert a municipality into a new form of government.

But the quality of leadership more often than not determines the electoral action on a proposal or an issue. Our "leaders" are supposed to do just that... lead. Their function is to help us as a community, state and nation to establish a "sense of direction".

Bookstore shelves, motivational speakers, television, magazines and newspapers all scream at us to become "goal oriented". The message is a valid one. Elected officials need goals. Unfortunately, like most mortals, they become consumed by complaints and "fire fighting". That entails putting out the tallest "fire" first — and moving on to the next problem.

They often become jaded. Lofty goals established on the campaign trail too often give way to the primary objective of reelection. Let's hope when the dust settles from this election day, we will be blessed with leaders who possess the wisdom to lead and who will do so free from personal politics and petty rivalries. Let them not forget their charge, their campaign promises and the lessons of history.

See you next week.

Impartial elections

To the Editor:

We would like to give a special thanks to all our supporters who backed us not only in this special election which we fought to have held on October 23, 1984, but also in the regular election held in June. We must make this thank you to them for their support even though our opponents tried to make us look like criminals. But our supporters could plainly see that we were the ones wearing the white hats.

We have been exonerated by the public even though the media, Wayne County Prosecutor John D. O'Hair's office

through assistant prosecutor Patrick Foley, some school board members, the superintendent, Garnett Hegeman, and Elliott Hall, who is the school board's lawyer and conveniently happens to be the Chief Assistant Prosecutor for Wayne County, tried to make it seem otherwise.

We are seeking and requesting the federal government through our outstanding and dedicated lawyer, Leonard Eston, to investigate the County of Wayne and Inkster Board of Education.

The media has failed until now to give us and our lawyer credit for having this new election ordered by Judge Charles

Kaufman. We are the ones that went to court and had this done.

There is a lot of unfinished business related to the school board election. We feel there has been: possible mail fraud, disenfranchised voters and violation of federal Civil Rights Voting Act of 1965.

We are very disatisfied with the way school board elections are conducted in the district and feel very strongly that the elections should be conducted by impartial parties.

Doesn't it seem like a conflict of interest for the superintendent to run the school board elections whose members will ultimately be his superiors?

We felt the reason this election was run fairly is because it was run completely by the county and not the local school district.

Clarification

To the Editor:

In your last issue, October 31, 1984 you had printed:

"Chuhran stated at a candidates forum last week, 'Being a Girl Scout Leader just doesn't hack it.' Dingledey however, defended her affiliation with the scouts, insisting that her role as a community leader has given her qualities necessary for performance in public office."

This is mis-quoted as the Omnicom taping will clarify for you. Mrs. Dingledey made this remark for another paper in regards to my girl scout affiliation (See LETTERS, Page A-5)

To the Editor:
My husband and I went to the

Dislikes coverage

To the Editor:
In your October 24 edition you showed a front page picture and caption of the city Treasurer John Lewkowicz. The caption stated that he was the only treasurer to have earned one million dollars a year.

If my memory serves me, the former Treasurer Beverly McAnally also earned over a million for the city of Romulus. One has to wonder, if this is true, why wasn't it mentioned?

It seems to be the position of your paper not to check out your facts regarding a story, or maybe it's because the accomplishments of any female official are not worthy of noting.

It is becoming evident to me that the only people who get positive press coverage or (any press coverage) are the same male officials every week.

It makes you wonder who really does run your paper: is it unbiased editors and reporting staff who want to be fair or self-serving politicians starting their campaigns early with the paper's help?

'Big Boy'

To the Editor:
I have been going to the "Big Boy" on Michigan Ave. in Wayne for a long time, but had not been there for awhile until recently. So I know this has been a problem for a long time and nothing has been done about it. It has been brought to the attention of the people who own and work there on many occasions and still is a problem.

The place is filthy dirty. The carpet is so dirty and looks like it came out of a pig pen and has holes which they have put mats in some places to cover them up. The chairs are so wobbly you never know how to sit down in them. I have ruined clothes in the past because of wobbly tables causing spills. Even the windows were filthy dirty.

That place to me is not a homey place to me to go. It is a Health Hazard and should be cleaned and repaired. I cannot understand why the health department, etc. has not closed it up until it is cleaned and fixed. I have been to a lot of "Big Boy's" I have never seen one as filthy dirty and as bad as this is.

A lot of people traveling look for a Big Boy to stop at. This one they should turn up their nose at and go on.

Final stop

Metro Airport in Romulus has become a familiar site for President Ronald Reagan and Democratic presidential candidate Walter Mondale in recent months. Both men have campaigned here extensively in an effort to win this state's electoral votes. Last Thursday it was President Reagan's turn to land at Metro enroute to rallies in Lincoln Park and Saginaw. A crowd braved rainy conditions to witness the president embark from Air Force One at approximately 5:45 p.m. and quickly head off on the campaign trail for the final time in Michigan.

Abortion on demand

The reason to abort
An unborn fetal babe.
Is not a light decision
Nor a trifling escapade.
The right to ones own body
Is an undisputed fact.
But to take a nurtured life
within
Is not a moral act.
The purpose of a birth
Is not of mans design.
To interrupt the progress
Is to alter the divine.
There is prevailing
circumstance
That force a law to bend
A birth defected invalid
Or a mother's life to end.
We are merely human
creatures
Not told of life's whole
truth.
The laws we make today
Will be followed by our
youth.

We're given with a
knowledge.
For lives we can restore
But with the selfsame
intellect,
We take them by the score.
We hope in Gods domain
There is a place for honest
fault;
That in a wrong decision
We did not mean default.
It seems the time is never
right
To terminate gestation.
But what good doctor could
allow
The birth of a mutation?
The thing that troubles me
the most,
Prevailing in the land,
Is the homicidal sanction
of abortion on demand.

Community college programming favored by residents

Flying high

Wayne County Community College (WCCC) Western Campus welcomed more than 500 area residents recently to their first Annual Open House Oct. 19. WCCC treated participants to tours of the campus facility, demonstrations in the laboratories, hot air balloon rides, cider and doughnuts, and live entertainment. The event's theme, "Come fly with me at WC3," promoted the unlimited capabilities of the human mind through education. College President Thomas Waters joined students, friends, college faculty and staff and local dignitaries in the celebration of fun and discovery. "We wanted to let the community know that we are here to serve their educational needs," said Associate Provost Milan Chonich. "The open house provided the initial opportunity for visitors to see what exceptional facilities and programs we have at the Western Campus."

Wayne County citizens want the types of services offered by Wayne County Community College and many would even approve additional tax levies, if needed to continue the services, according to a State Board of Education survey.

But many of the 400 Wayne County adults interviewed by phone in the survey admitted they knew little about which WCCC services actually were available, who governed the college, or how it was funded.

Nearly eight out of every 10 (79 percent) of those polled agreed with citizens surveyed in an earlier state-wide poll that a college education "is very important today."

The residents cited community colleges most often as the type of school best designed to provide adults with services in career planning and guidance, modern technology skills and remedial instruction in basic skills.

"It's heartening to know that so many Wayne County citizens want the type of services WCCC has and that, in spite of the college's past problems, many have a favorable view of the college," said State Superintendent of Public Instruction Phillip E. Runkel. "The task now is to ensure that residents know the services are available and are of high quality."

In addition to his role as State Superintendent, the legislature appointed Runkel as monitor of WCCC to coordinate efforts to solve the college's managerial and financial problems.

When asked to rate how WCCC meets the community's educational needs, 35 percent said either "good" or "excellent." About 21 percent said "fair" and 11 percent said "poor."

Ratings were significantly higher among those persons

who had been a WCCC student or had someone in their household who was a student. About 41 percent of this group gave "good" or "excellent" ratings.

The greatest frequency of low ratings was on the residents' opinion of how WCCC manages its money, with about 27 percent giving a "poor" rating. About 39 percent had no idea of how the college was financed (through property taxes, state aid and student tuition).

But nearly half (49 percent) of the persons who were inter-

viewed in early June said that if additional property tax millage were needed to continue providing services, they would vote for it.

The respondents were asked what type of school they most likely would attend if they went back to school. About 37 percent said a community college and 28 percent cited a four-year college or university. Three-fourths (75 percent) of those who might go back to school would do so on a part-time basis.

A slim majority (51) was un-

able to rate the performance of the WCCC Board of Trustees, and 97 percent could not name the trustee who represents the WCCC district in which they live.

The survey, which was released Oct. 30 at a meeting of the WCCC Monitor's Advisory Committee, was conducted by the State Board of Education's Project Outreach staff. Under the scientific polling method used, sampling error most probably would not exceed 5 percent one way or the other on any question.

County executive accepts airport expansion plan

Wayne County Executive William Lucas, with recommendations from the Federal Aviation Administration (FAA) and the Michigan Aeronautics Commission (MAC), has formally accepted a Master Plan proposed to chart the growth and development of Detroit Metropolitan Wayne County Airport for the next 16 years.

Lucas recently gained jurisdiction over the county's two

"This plan will guide us to an orderly development of Metro Airport."

major airports (Metro and Willow Run) with the abolition of the Wayne County Road Commission on Aug. 7. He accepted the three-volume plan, which culminates more than four years of effort by the Road Commission's professional planning consultant, TransPlan, Inc. of New York.

The Master Plan, which indicates direction of developments at Metro, the state's major airport facility, through the year 2000, projects five major future development areas with a price tag in excess of \$360 million.

Lucas noted, however, that while the Master Plan is a "...very necessary part of any future airport development, all project must meet the tests of need and adequate federal and local funding.

"This plan will guide us to an orderly and continuing development of Metro Airport — a county facility which has been 'user' supported, without cost to general tax funds," he added.

The Master Plan is the final result of six alternatives considered by TransPlan consultants, following months of study and input from local, state and federal agencies, committees, citizen research polls and public information meetings in surrounding communities.

The five major recommendations contained in the Master Plan for Metro and their estimated costs (1979 dollars) include:

(1) A new east-west runway located 6,550 feet south of the existing runway. Cost \$37 million.

(2) Extension of runway 3L, currently Metro's longest runway at 10,500 feet, to 12,000 feet — considered adequate for fully-loaded long range non-stop flights. Cost \$7 million.

(3) Development of terminal facilities (current and new) in a phased program:

(a) Add Finger "G" as an expansion of the existing North (Davey) Terminal. Costs \$17 million.

(b) Provide added parking in the existing terminal areas (by converting and adding to the current parking facilities and a new parking deck). Cost \$12 million.

(c) Provide an entrance to the south portion of the airport (Eureka Road) with surface parking and shuttle bus connection to the existing terminal areas. Cost \$14 million.

(d) Provide transporter system (underground subway-type) to connect the south parking area to the existing three terminals. Total cost for tunnel and vehicles — \$28 million.

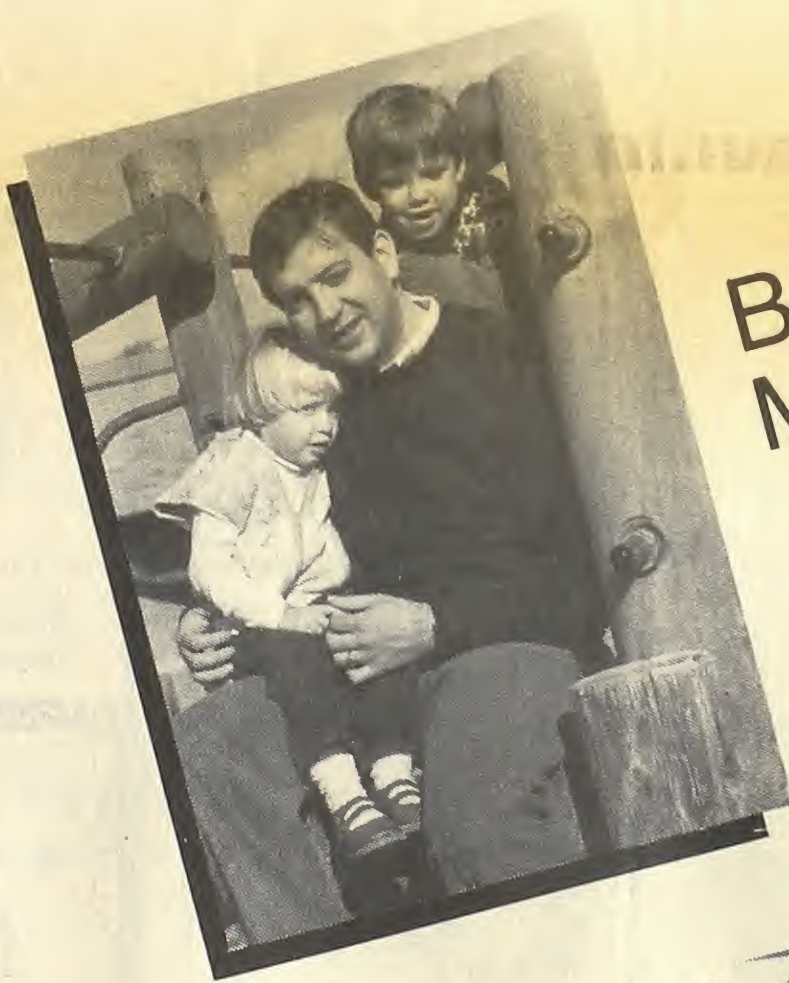

(3) Provide additional terminal facilities in the south airport side as needed. Cost \$104 million.

(4) Further development of the General Aviation area on the east side (Middlebelt Road) of the airport, where some work has already started to construct taxiway access lanes aircraft ramp areas to serve tie-down and T-hangers yet to be constructed. Cost \$1 million.

(5) Air cargo development on the west side of the east-west runways. Cost \$10 million.

"This plan serves as a concise identification of the airport's existing facilities and professional projections based on exhaustive studies for future needs for a facility that served over 11 million passengers last year," said the county executive.

The Metro Airport Master Plan, and one for Willow Run Airport (adopted last year), costs a total of nearly \$700,000. They were financed primarily with the Federal Airport and Airways Development Act funds, with additional financial assistance from the MAC and the Wayne County Road Commission.

Great Glenn finish

Westlanders polish off Wayne in classic style, 21-0

By KEITH A. DeMOLAY
ANP Special Writer

The hallmark of any championship team is usually its defense and it was no different last Friday night at Kionka Field as the Rockets of Westland John Glenn defeated the Wayne Memorial Zebras, 21-0, to claim the City Championship Trophy for the 10th time in 14 years.

"It's a great win because the City Championship game is special for our players and important to our program," said Coach Chuck Gordon of the Rockets.

Played before a crowd of over 2500 fans, the Glenn defense responded to the challenge of the Wayne game by posting their fourth shutout of the 1984 season. The victory left Glenn at 6-3 for the season.

But it was Glenn's offense that took on Wayne's defense first. Winning the coin toss, Glenn got the ball at the Zebra 27-yard line. Tony Boles, the Rockets' 6-1, 180-pound tailback, carried the ball on the first two plays for a total of 6 yards.

On third and 4, quarterback Steve Irwin took the snap from

center Paul Pomorski, stepped back, and fired a bullet to Cass Simpson. The 5-11 receiver gathered it in, and raced downfield where he was stopped at the 26-yard line.

The play may have been a key play that set the tone for the entire game. Wayne's defense, which has toughened the last few weeks, had stopped the Rockets on their first two plays from scrimmage and seemingly had them stymied.

Eight plays later, the Rockets found themselves on the two-yard line thanks to Boles and full-

back Dave Husak who muscled their way downfield. On fourth and one, Irwin converted for the first down, then went over for the score on the next play. Chris Piazza's point-after was good, and the Rockets led, 7-0.

But Wayne didn't come across town to lose that easily. Starting at their own 22 yard line, they proceeded to move down the field keyed by the running of senior tailback Michael Jackson (5-11, 170) and fullback Tim Mulroy (Sr., 6-0, 190). Jackson got loose for a 22-yard scamper that got the Zebras to the 24-yard line.

Then the Rockets defense took over. They held Mulroy to one yard, then Rick McCurdy (Jr., 5-10, 193) dropped Matt Mason (Sr., 6-1, 185) for a two-yard loss bringing up 3rd down and 11. Jackson picked up 8 of those yards before Glenn's defense stopped him short of the first down marker.

"Our defense really played well. The thing we were really concerned about was their running backs. I didn't really think we could shut them out," said Gordon, "but our players played probably their best game of the

year."

Both teams started the second quarter by exchanging fumbles, with Wayne taking the Rocket fumble to the 9-yard line. That drive was keyed by a 24-yard Jackson dash that would have been a touchdown if it had not been for Ron Talg who stopped him. After a personal foul penalty moved the ball to the nine yard line, Rick Hassen fell on a Zebra fumble and Glenn had dodged the bullet again.

"We hung on the ball and it might have been different," said Carter. "The turnovers were certainly a factor in the game. You can't turn the ball over against a good team like that and expect to win."

Rockets roar

Westland John Glenn's outstanding running back Tony Boles (dark jersey) makes his way inside Wayne Memorial's 30-yard line on this play Friday night between the two arch-rivals. The Westlanders received a superlative team effort and shut out the Zebras to capture the 1984 "city championship", 21-0. It is the 10th time in 14 years Glenn has won the fall classic.

2 big plays do it

Canton beats Belleville, 15-8

By TOM MOORADIAN
ANP Staff Writer

Plymouth Canton bid Belleville "good-bye" Friday night and neither football team will forget their last encounter for some years to come. It was a case where Coach Rich Barr's Chiefs won the first quarter and Belleville claimed the last three.

However, Canton's 15 points in the first 12 minutes of the final game of the season secured for the Chiefs a 15-8 victory that boosted their record to 4-5, while Belleville's dipped to 3-6 on the year.

Since Canton isn't scheduled to play coach Pete O'Neill's Tigers next year or in the nearest future, the parting of ways received mixed emotions.

"We'd like to meet them again next year," O'Neill commented. "But I believe this was the last year we're scheduled to play for some time."

Canton is competing in an expanded Western Lakes Conference that has accepted the applications of Westland John Glenn, Livonia Franklin and North Farmington.

Two big plays were the difference in the Canton-Belleville finale. Canton scored on a 65-yard run by Tony Aiken who pulled off the superb run on the second play from scrimmage in the first quarter. Dave Liuzzo managed to give the Chiefs the

two-point conversion after he hauled in a high snap from center and went solo into the end zone.

Canton scored what proved to be the winning touchdown on the last play of the first quarter. Fullback Matt Flower was sprung loose on a trap play, sprinting 54 yards for the touchdown.

Belleville's defense buckled down and didn't allow the Chiefs any more yardage the rest of the evening.

The Tigers came back in the third quarter with their only score. With 5:44 left in the period, running back Billy Armstrong tallied on a 55-yard sweep, his final TD of his prep career.

A pass from quarterback Bob Spicer to Ron Goff accounted for the Tigers' two-point conversion.

"If you take away Canton's two TD runs, we did an excellent job of controlling their offense," O'Neill pointed out. "The last three quarters we shut them out and held them to only four first downs."

Belleville had an opportunity to get on the scoreboard in the first quarter when the Tigers marched from their own 30-yard line to the Chiefs' 22 and gave up the ball on an interception. Again it was Aiken who destroyed the threat.

Belleville helped in its demise by turning over the ball three times—two by interceptions and once via a fumble.

Canton could have iced the

game in the fourth quarter when the Chiefs drove to the Tiger 17 and were stopped, they called out their field goal kicker, Luccio, whose kick was blocked by John Tomlinson.

"It was a credit to their kicking game," O'Neill said, "that we never got the ball in good field position. We were always coming out of a hole."

O'Neill said that he was pleased with the over-all season. "The fact that we finished third behind two league teams (Fordson and Trenton) who made the playoffs," O'Neill said, "is a tribute to these boys. And we overcame such adversity as the 'pay-to-play' fiasco that costs our team plenty."

Because of budgetary cutbacks by the school district, athletes were asked to help finance sports programs. They had to pay in order to play. The policy in Van Buren was abolished in October when the voters in the school district approved a 6.5 millage tax hike.

Romulus leaves best for last

By TOM MOORADIAN
ANP Staff Writer

Romulus left its best for the last. And River Rouge suffered the consequences.

With running back Vince Morris chalking up three more TDs — he had three touchdowns last week, too — the Eagles buried non-conference rival, Rouge, 32-0, to bring the curtains down on a 4-5 won-lost season.

"We're pleased at the way these kids finished," said Romulus Coach Norb Glover. "There's plenty of talent on this team and what's even more encouraging is a lot of these kids will return next year."

"We're really enthused about the future of the program here," Glover added.

Romulus erupted for two touchdowns in the first quarter against the Panthers and the outcome of the game was never in doubt after that. The Eagles built on to their lead in the third quarter, making it 20-0 before coming back in the final frame of the 1984 season for two more touchdowns.

Morris scored on runs of six, 18 and a 93-yarder. The spectacular run came in the fourth period on a counter trap after the Panthers set up a 6-1 defense in hopes of stopping the explosive Romulus offense.

"All Vince had to do was get past the line of scrimmage and it was paydirt after that," Glover noted. "You'll be hearing a lot about this player in the future."

Morris rushed for 205 yards in 20 attempts.

Romulus scored on the first play of the game from scrimmage when junior Billy Campbell slipped off-tackle and raced 62 yards into the Panther end zone. Then, Julian Cruze booted his first of two extra points.

Bobby Slone accounted for the other Romulus score, a five-yard off-tackle TD run.

Quarterback Jerry Whitehill, a freshman, played an exceptional game as he mixed passes with his ground attack. The rugged freshman could be the key to the Eagles' future success on the gridiron.

Glover said that the "defense was just outstanding" and among the standouts were linebackers Bobby O'Day, David Bergman, nose guard Tracy Cline and halfback Slone.

"It's unfortunate that the season has ended," Glover added. "The kids really are eager for more action. Do you know that if we had won just one of those other games earlier in the season we would have had a winning record?"

Rocket javees also are winners

The Junior Varsity Rockets claimed the Junior Varsity City Championship with a 33-8 victory over the Zebras as Paul Beasley led the way with 223 yards and two touchdowns and Gary Cloud and Mike Hammontree added other scores.

Canton singer stars in musical

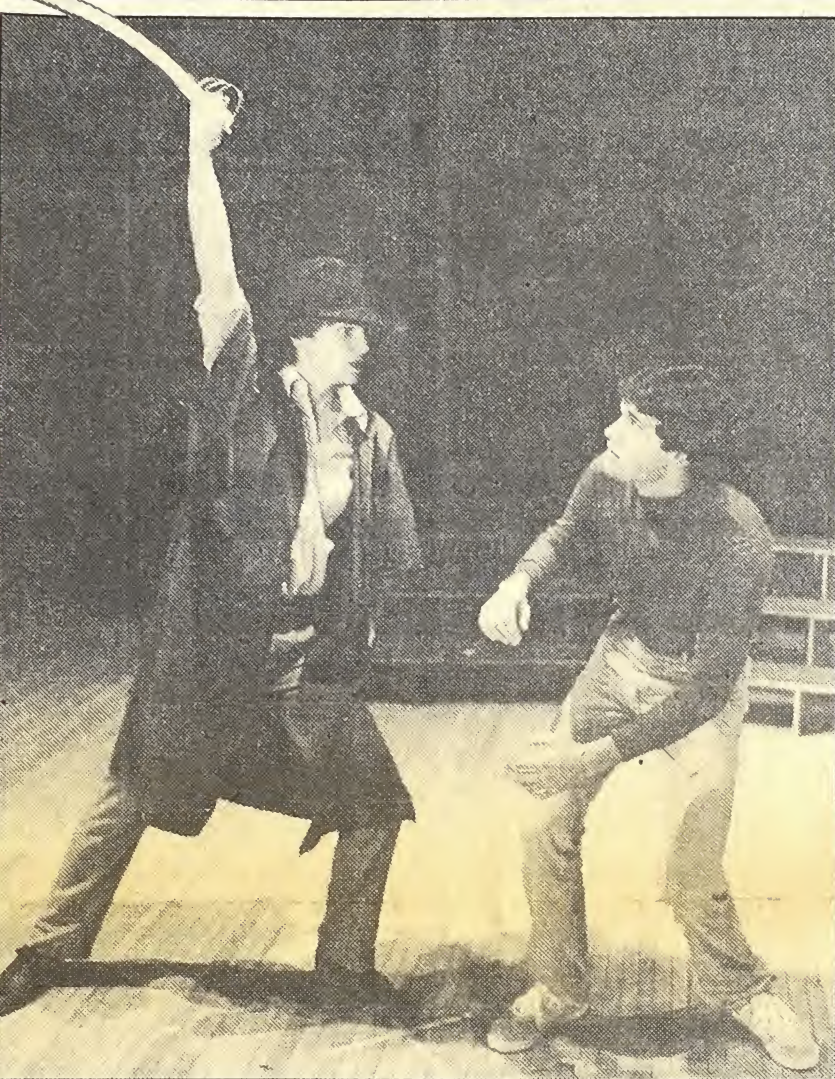

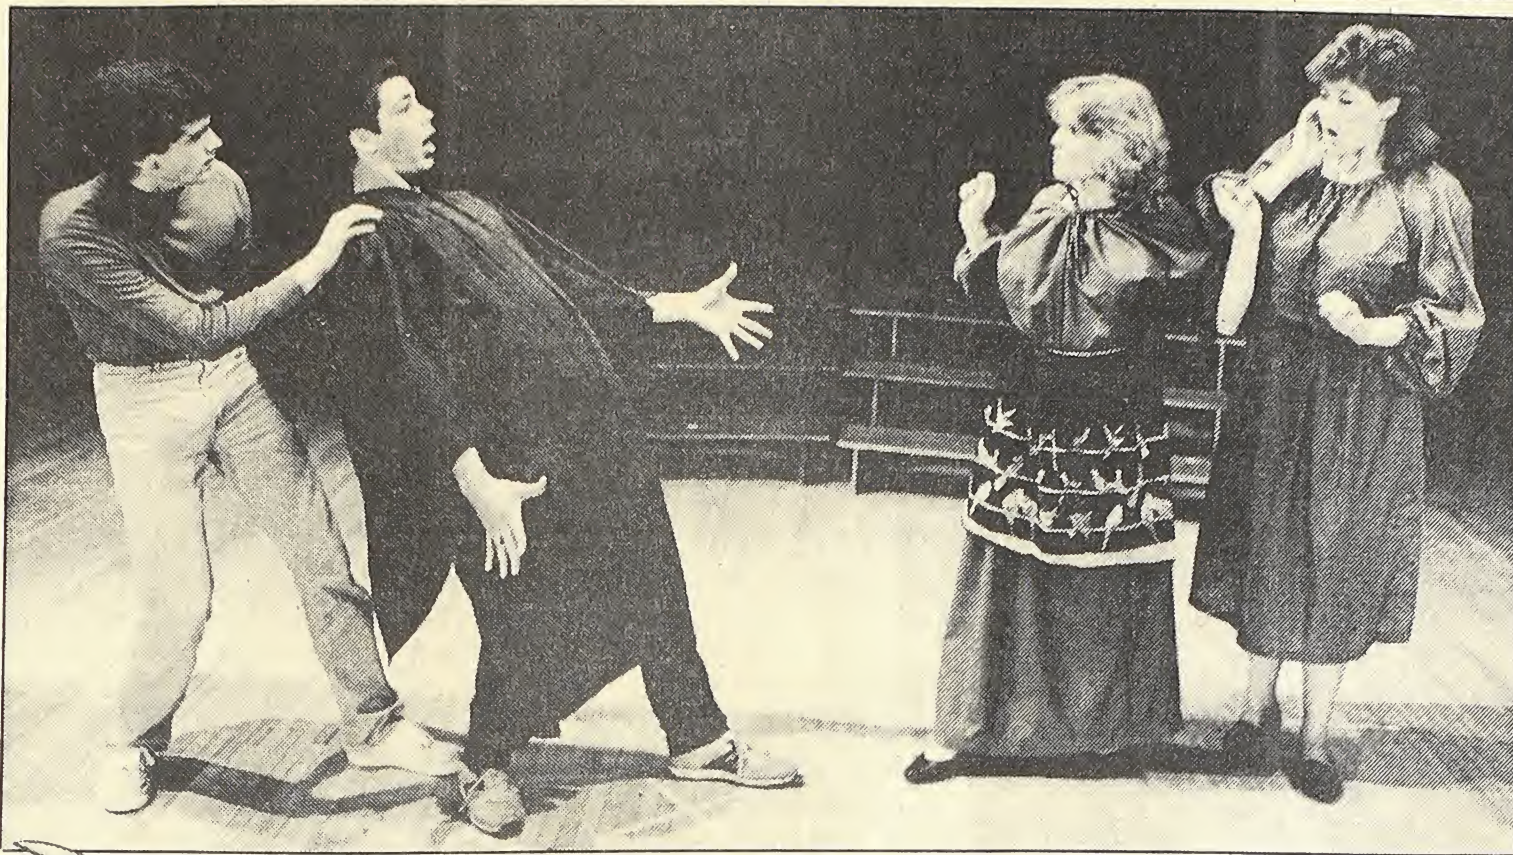

Tim Alonzo of Canton is among 38 performers cast in "The Sound of Music," a community theatre production set at 7:30 p.m. Friday and Sunday and Nov. 16-18 at the former Ypsilanti High School auditorium, 210 West Cross.

The Tony Award-winning Rodgers and Hammerstein musical will be staged by Celebrants, a non-denominational theatrical group sponsored by Holy Trinity Chapel, located on the Eastern Michigan University campus.

A 30-piece orchestra and the Ypsilanti Community Chorus also will be featured in the musical presentation, which debuted some 25 years ago. The story involves the escape of the van Trapp family singers from Hitler's Germany.

Alonzo, 45, sings the part of Max Detweiler. His credits include "Fiddler on the Roof," "West Side Story," "My Fair Lady" and "Jesus Christ Superstar."

Tickets are priced at \$5 and \$4 for students, senior citizens and children. Tickets for groups of 20 or more are \$3. For further ticket information, call 482-1400.

"Whatever this is..." provides many laughs

"Whatever This Is, We're All in It Together," a comic rendition of the Broadway musical "Candide," will be performed by the Westland John Glenn Theatrical Guild at 8 p.m. Friday and Saturday at the Glenn High School Auditorium. Members of the cast, directed by Lois Tobin of Westland, include Matt Winters (left, above), John Talaski, Larissa Seifert, Ramona Marshall and Kyle Solomon (left, below with Winters). Tracy Seifert and Dan Conklin also have lead roles and the Chamber Orchestra will perform as well. Tickets are priced at \$2.50 and will be available at the door.

Thomas is cast in thriller

Kari Thomas of Inkster is cast in the role of Theodora in the Schoolcraft College Dinner Theater production of The Haunting of Hill House, scheduled at 8 p.m. Nov. 16 and 17 and 2 p.m. Nov. 18 in the college's Liberal Arts Theater.

The play, adapted from Shirley Jackson's novel on which the movie "The Haunting" was based, is a chilling study of mounting terror as a small group of people are brought together in Hill House, a mid-Victorian mansion known as a place of evil and "Contained ill will."

Dinner will be served at 6:30 p.m. on Nov. 16 and 17 in the Waterman Center on campus and a wine and cheese reception will be served in the lobby following the Nov. 18 performance.

Tickets are priced at \$12.50 for the dinner theater package and \$8.50 for the Nov. 18 show and reception.

Reserved tables and seats are available at the college bookstore, located at Schoolcraft College, 18600 Haggerty between Six and Seven Mile in Livonia. Call 591-6400, ext. 265 for further details.

Auditions scheduled

The Spotlight Players will conduct auditions for "Death of a Salesman" at 7:30 p.m. Nov. 14 and 15 at St. John's Episcopal Church, 555 S. Wayne Road in Westland. For further information, call 729-6453 or 595-6117.

Organist to give free concert

Organist Steve Porch will be featured in a free concert at 7:15 p.m. Friday in the lower level of the Westland Shopping Center.

Educated at the Royal Military School of Music in England, Porch served for nine years as principal pianist/organist for Her Majesty's Band of the Irish Guard. He now serves as an artist for Wurlitzer.

Glenn girls win WW swim title

By TOM MOORADIAN
ANP Staff Writer

Compiling nearly 60 points more than its closest rival, Westland John Glenn dominated the 1984 Western Wayne Swimming & Diving Championship for girls staged recently. Nine area teams competed for the coveted title claimed by the Westlanders who also swept eight of the 11 first places.

Coach Jim Watts' swimmers amassed 323 points, beating out natural rival, Wayne Memorial, which had 265 points for top honors. Wayne is the only team to mar the Rockets' otherwise perfect record. Westland went into the meet with a 10-0-1 won-lost-tied mark.

"Our girls were ready for this one," Coach Watts said. "They swam a good race."

Riverview finished third (124) in the field of nine, followed by Livonia Franklin (109), Wyandotte (84), Gar-

den City (81), Lincoln Park (68), Woodhaven (65) and Allen Park (58).

Glenn also boasted two double individual event winners in Shelly Pilarski and Stephanie Gow.

Pilarski captured a gold in the 50-yard freestyle as she turned in a 26.35 for her effort, then came up with a 58.25 to pick up a first for her performance in the 100-yard freestyle.

Gow churned a 2:06.46 in winning the 200-yard freestyle. Her 5:38.58 captured the gold for the 500-yard freestyle. (Later in the week she shattered the existing school record for the 500 when she was clocked in the winning time of 5:29.2).

Watts' relays also dominated the invitational. He picked Kelly Taylor, Annette Aimar, Kelly Ericson and Shelly Pilarski for the 200-yard medley relay and they responded with the winning time of 2:03.82. In the 400-yard freestyle relay, the Rockets' winning combination was

Judy Joyce, Kris Turdon, Karen Taylor and Gow. They turned in a 4:02.72.

Glenn also had the winner for the 200-yard individual medley in Kelly Taylor (2:02.81) and the Westlanders produced the top diver, Jamie Koester who piled up 357.35 points.

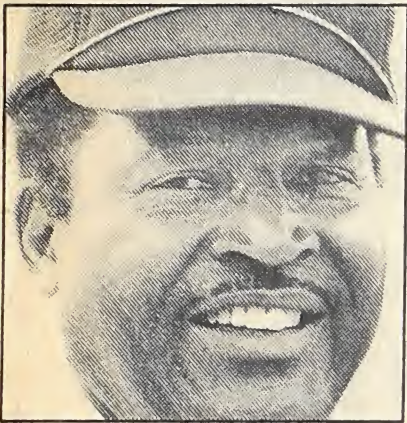

Other gold medalists included Jeni Wirtel of Wyandotte who was a 1:07.01 performer in the 100-yard butterfly; Joyce Newhardt, who swam a 1:07.62 in the 100-yard backstroke, and Jill Rodein, of Woodhaven, a first place finisher in the 100-yard breaststroke (1:16.15).

Last week the Westlanders also dunked Garden City 129-38 to remain unbeaten in the Northwest Suburban Conference title race. However, they'll take on defending champ, North Farmington 7 p.m. Thursday to see which club will enter the league championships on Nov. 16-17, at Redford Thurston with an unblemished record.

Undefeated swim champs

Claiming eight out-of-a-possible 11 first places, Westland John Glenn's undefeated girls' swim team captured the 1984 version of the Western Wayne Swimming & Diving Championships. Members of the team include: Cindy Fullwood, (first row, from left), captain Shelly Pilarski, Allison Hobbs, Sandy Anger, Sue Paciocco, Lynn Spears and Nancy Blasko; second row are Julie Joyce, Ginger Reddy, Chris Bahr, Kelly Taylor, Karen Taylor and Nancy Hayes; third row are head coach Jim Watts, captain Chris Cabrera, Jane Sukany, Rena Raven, Stephine Gow, Kelly Ericson, Kris Purdon and assistant coach Kirk Wick. Not available at the time of the photo are team members Annette Aimar, Jamie Koester and Jenny Bartes.

Vikings' aerial attack bombs Buena Vista, 26-6

By TOM MOORADIAN
ANP Staff Writer

Inkster unleashed an aerial and ground attack that humbled Saginaw Buena Vista 26-6 in the final game of the 1984 high school football season for both schools.

"It definitely was our best offensive game of the year," said Inkster Coach Arnice James whose Vikings finished with a 3-6

won-lost record. "We finally put things together, and if we had played like this earlier in the season we would have won more games."

Versatile Theotis Jones was one of the keys to the Viking victory as he caught three touchdown passes from quarterback T. C. Wynn and also rushed for 74 yards on six carries. Jones managed to pick off a pair of intercep-

tions from his cornerback slot.

"Jones just has a tremendous amount of talent," Coach James noted. "He does so much for us. He runs and throws. He's just a good all-around athlete."

Jones was on the receiving end of a 30-yard TD pass from Wynn and also the same combination was responsible for TD passes of five and 28 yards.

Wynn also fired a five-yard

touchdown strike to David Laws that gave the visiting Vikings a 6-0 first quarter lead which they never gave up. Buena Vista scored midway in the fourth quarter when the outcome of the game had long been decided.

Wynn had four TD passes in his 114 total yards, while Sean Hayes also accounted for 32 yards in five attempts and Laws finished with 39 yards on nine tries.

Laws, Willie McCall, and William Springer were instrumental in checking Buena Vista's offense. Also contributing to the success of the Viking defense was end Darrin Whitehead.

Wynn, a 6-1, 145-pound quarterback, is only a sophomore and Coach James said he is looking forward to next year "when we should have a nucleus of veterans returning."

Cherry Hill sets sights on '85... Spartan goal is grid crown

By TOM MOORADIAN
ANP Staff Writer

When Cherry Hill writes the final pages of its sports history a year from now, Coach Ken Mientkiewicz and the Spartans would like to say they accomplished something no other varsity football team did in the school's 25-year-history: win a league championship.

That's one goal the Spartan coach has set his sight on the eve of the 1984 campaign. The Spartans brought the curtains down to the season with a dramatic 14-13 victory over Clarenceville, lifting their over-all record to 5-4, a big step toward their future goal.

It is the first time in recent years Cherry Hill has had a winning football season.

"We're proud of these kids," Mientkiewicz said, "and when we get together for the 1985 campaign — our last — there's going to be a lot of pressure on all of us to see just how much we can accomplish."

The Cherry Hill School District will be consolidated with neighboring Wayne-Westland and the Crestwood school districts in 1985.

"We would like to go out in a 'blaze of glory'," Mientkiewicz added. "Next year is our last. We're hoping it will be our best."

The Spartans did put on their best offensive show of the year at Clarenceville Friday night as they scored a touchdown late in the fourth quarter to pull out the close decision.

In the final quarter of the sea-

son, Cherry Hill received the ball on their own 33-yard line after a punt, and quarterback Michael Sasseen took command. He drove his club 67 yards in 13 plays and capped the drive with a two-yard quarterback TD sneak to put the Spartans within a point of tying their hosts.

After a "time out", the Spartans decided to go for the two-point conversion and fullback Jeff Burke got the call. Burke managed to sweep the left side of the line and go into the end zone for the decisive points.

"It was a very close and exciting game," Mientkiewicz offered. "And I believe we won this because the players believed they were going to win and never gave up."

Cherry Hill got on the scoreboard first with a second quarter TD as Tony Ellis

scooped up a Clarenceville fumble and rambled 40-yards for the six-points. Sasseen and the Spartans went for the two-point conversion and missed.

Clarenceville came right back on the ensuing kickoff and put together a sustained drive that resulted in a touchdown. The hosts led 7-6 at intermission and increased their lead to 13-6 in the third period before the Spartans settled down.

Burke racked up 94 yards in 19 carries and Ellis had his best offensive game with 59 yards on eight tries. The Spartans piled up 174 on the ground and 36 in the air for a total of 210.

Rob Bryer, who had 10 tackles and seven assists, led the Spartan defense which also featured some outstanding play from Paul Oster, John Williamson and Michael Johnson.

Huron falls inches short of victory at Annapolis

By TOM MOORADIAN
ANP Staff Writer

One yard and two points separated New Boston Huron Saturday from its final football victory of the 1984 season.

Coach Tom LaBeau's Chiefs came within a yard in the final seconds of their game at Dearborn Heights Annapolis of scoring the winning touchdown but instead of victory

were forced to digest a 9-8 defeat.

"There are a lot of things I didn't like about this game," said LaBeau, "but let's just say we lost it and will use it as a learning experience. I felt

that the better team did not win this one."

Huron scored midway in the fourth quarter on Danny Ziegler's 12 yard TD run and John Umin teamed up with Guy Cagle on a two-point conversion to give the visitors a 8-3 lead.

Earlier, Annapolis had put 3-points on the scoreboard in the third quarter thanks to a 16-yard field goal.

The Dearborn Heights' gridders managed to pull out the victory in the final two minutes of the

game with a sustained drive. After the Cougar TD, Umin engineered a drive that ended in an interception at the Annapolis one-yard line.

"We almost got a safety after that, but the game ended before we got our hands on the ball again," LaBeau said.

Ziegler rushed for 83 of the Chiefs' 157 yards. He carried the ball 16 times. Umin made good on six of 12 passes for 93. Clay Rose, Huron's "monster man" stood

out on defense.

The loss left Huron with a 3-6 record, but more wins than the Chiefs have put in the victory column for the last two years. (They were winless in 1982 and 1983).

"We made some progress," LaBeau said. "It is the first step in the right direction."

Romulus avenges cage loss to Ypsi, 66-33

By TOM MOORADIAN
ANP Staff Writer

After a suffering a 49-46 opening day defeat at the hands of Ypsilanti, Romulus High girls' cage team last week countered with a 66-33 shellacking of the Braves in the rematch.

"The players wanted this one badly," said Romulus coach Ron Bayes. "And they wanted to delete from everyone's mind which was the best team."

Romulus left little

for speculation as the McKay cousins — Colleen and Donna — again set the pace. Colleen fired in 11 of her game high 20 points in the first half and Donna contributed 18 points and 10 rebounds to give the Eagles the lopsided victory.

Romulus led 34-16 at the halfway mark and went on to outscore their rivals 16-8 and 16-9 in the last two periods. Sue Omarzu played her best game of the season as she chipped in 11 points and 16 rebounds while

were forced to digest a 9-8 defeat.

"There are a lot of things I didn't like about this game," said LaBeau, "but let's just say we lost it and will use it as a learning experience. I felt

"This was our biggest victory," Bayes said. "We now believe in ourselves."

The victory lifted the Eagles to a 12-4 record, the most wins ever posted by a girls' cage team at Romulus.

Haney—Perkins exchange vows

Faith Baptist Church in Dearborn Heights provided the backdrop for the recent marriage of Claudette J. Haney of Inkster and Jeffrey J. Perkins of Westland.

Mr. and Mrs. Jeffrey Perkins

Lavender mums and white pew bows decorated the church for the double-ring ceremony.

The bride, the daughter of Claude and Rita Haney of Inkster, chose a white floor-length gown with scalloped lace neckline and cathedral train. Her headpiece was a softly veiled hat, while her bouquet was of the cascade style with pink, white and lavender roses attached to a white lace fan.

The bride, given in marriage by her father, asked her long-time friend, Sue Smith of Inkster, to serve as her maid of honor. She wore a tea length lavender and shaded pink dress for the ceremony and carried a bouquet of pink and lavender roses and carnations.

The groom, the son of Gerald and Barbara Perkins of Westland, asked long time friend Bob Vess of Glenview, Illinois, to

serve as his best man.

Mrs. Haney chose a blue and black print street-length dress for her daughter's wedding. Her wrist corsage was of white roses and blue carnations.

Mrs. Perkins wore a rose-colored, pleated, street-length dress, and her wrist corsage was of pink roses and white carnations.

A reception for the newlyweds and 150 guests was held at the

AmVets Hall in Westland.

Following a short honeymoon in Niagara Falls, the newlyweds travelled to Fort Worth, Texas, where the groom is completing a tour of duty with the U.S. Air Force.

The new Mrs. Perkins is a graduate of Lincoln Park High School. She is employed by Arbor Drugs in Inkster.

Her husband is a graduate of Wayne Memorial High School.

Chocolate Lovers' Holiday

Chocoholics unite... there's a treat in store for you. The First Annual Chocolate Lover's Holiday... a Hyatt Fest will provide local chocomania the golden opportunity to dip, sculpt and scarf chocolate to their content. Co-sponsored by the Hyatt Regency Dearborn and WCZY 95.5 FM radio, this weekend of chocolate fun is being held Nov. 30 through Dec. 2.

Kicking off the festival of fun will be a "High Cocoa" after-work party featuring on-air personality Dick Purtan. Joining him will be news reporter Colleen Burcar and other "2" 95.5 personalities. Live continuous entertainment, chocolate drinks, and door prizes will offer party-goers a full night of activities. Cover charge of \$2 will be collected at the door of the Hubbard Ballroom starting at 5 p.m. Saturday's chocomania begins at 10 a.m. and continues until 8 p.m. in the Hyatt's Great Lakes

Center. More than 40 chocolatiers will be handing out samples. The public can indulge in milk, dark, bittersweet, semi-sweet, caramels, clusters, creams and crepes.

Among the distributors to date are Droste Chocolates, Nestles, Fifth Avenue Bars, Continental Baking Company, Hostess Cakes, Jarret International Cailleur of Switzerland, Gayle's Chocolates, Tootsie Rolls, Fanny Farmer, Grandma's Cookies, Tofutti, Baskin Robbins and Sanders.

Admission is \$7 for adults and \$5 for children under 12 and senior citizens. The admission charge includes all the chocolate you can eat, live entertainment, demonstrations and door prizes.

Demonstrations by chefs include No Nonsense Channel 7 Chef Larry Janes, Chef Joseph Decker of the Golden Mushroom, Chef Annette Tenerelli of Baypointe Golf Course and Truffles of West Bloomfield, and Chef Michael Kabat of Haab's in Ypsilanti.

Guest speakers in-

clude Ray Broekel author of "The Great American Candy Bar."

For the kids, guest appearances will include Ted E. Bear and Patty Bear, screen stars of "The Bear Who Slept Through Christmas," one of Hostess' animated characters, and Nestles' famous bunny.

For those who don't want to miss a minute of chocolate heaven, special weekend packages are offered by the Hyatt Regency-Dearborn. For more information on the Hyatt packages contact the reservation desk.

The entire weekend is a benefit for the National Kidney Foundation of Michigan. For more information on the Chocolate Lovers Holiday call toll-free at 1-800-482-1455.

Popcorn Sales Days

Boy Scouts, Cub Scouts and Explorers throughout South-

eastern Michigan will be seeking community support during "Boy Scout Popcorn Sales Days." The sale will be through Nov. 15.

Scouting units will be selling a gourmet popcorn product called "Trail's End Gourmet Popcorn." Proceeds from the popcorn sale will be used to benefit a variety of Scouting activities—from the purchase of new equipment to assisting in sending Scouts to camp.

"We hope to sell at least 100,000 buckets of gourmet popcorn in the Greater Detroit Metropolitan Area," said Steve Ewing, popcorn chairman and executive board member of the Detroit Area Council.

According to Ewing, there is a growing need for supplemental income to finance Scouting activities sponsored by

the Detroit Area Council, as well as projects conducted by individual Scouting units. Escalating program costs, the need for camp equipment and maintenance as well as continued growth in youth participation were all factors that went into the decision to conduct a product sale.

Ewing added,

New Grapefruit

'Super Pill' Gives

Fast Weight Loss

No Dieting - Eat All You Want
Pill Does All the Work

BEVERLY HILLS, CA. (Special)—An amazing new "super" grapefruit pill has recently been developed and perfected that reportedly "guarantees" that you will easily lose at least 10 pounds in 10 days. Best of all, it allows you to "eat as much as you want of your favorite foods and still lose a pound a day or more starting from the very first day until you achieve the ideal weight and figure you desire."

This "super" grapefruit pill is a dramatically improved version of the world famous grapefruit diet. It is far more effective than the original and eliminates "the mess, fuss, and high cost of eating half a fresh grapefruit at every meal."

"Pill Does All the Work"

According to the manufacturer, "the pill itself does all the work while you quickly lose weight with NO starvation "diet menus" to follow, NO calorie counting, NO exercise, and NO hunger pangs." It is 100% safe. You simply take the pill with a glass of water before each meal and the amazing combination of powerful ingredients are so effective they take over and you start losing weight immediately.

Pill Has ALL Daily Vitamins

The powerful and unique combination of ingredients are what make this a "super-pill". It contains highly potent grapefruit concentrate and a diuretic to help eliminate bloat and puffiness. No need to take any vitamins to maintain your good health and energy. The pill is fortified with ALL (100%) of the U.S. Government daily vitamin requirements.

Each pill also contains an amazingly effective amount of "glucomannan", the remarkable natural dietary fiber discovery from Japan (used successfully for over 1500 years) that expands in your stomach and gives you a full and satisfied feeling all day long.

The super-pill is already sweeping the country with glowing reports of easy and fast weight loss from formerly overweight people in all walks of life who are now slim, trim, and attractive again.

Now Available to Public

You can order your supply of these highly successful "super" grapefruit pills (now available directly from the manufacturer by mail order only) by sending \$12 for a 14-day supply (or \$20 for a 30-day supply, or \$35 for a 60-day supply) cash, check, or money order to: Citrus Industries, 9903 Santa Monica Bl., Dept. W24, Beverly Hills, Calif. 90212. (Unconditional money-back guarantee if not satisfied.) Visa, MasterCard, and Amer. Express OK. (Send card number, expiration date, and signature.) Easter Seal Society hosts 'trivial' tourney

How would you like a day of fun, excitement and challenge? If you answered yes, then now is the time to sign up for the Selchow & Righter Trivial Pursuit Challenge for Easter Seals, which will be held Sunday, Nov. 18, on the third level of the Westin Hotel in Detroit.

The challenge will be from 10 a.m. to 7 p.m., with proceeds to be used for the support of local Easter Seal programs in the tri-county area.

Teams of up to four members participating in the challenge will play throughout the contest until the championship team has been determined. As the elimination process occurs, consolation rounds will be started.

The minimum entry fee of \$150 includes playing "Trivial Pursuit" all day in the only sanctioned "Trivial Pursuit" challenge in the country. Teams that raise additional

money for the challenge will receive "Trivial Pursuit" memorabilia.

The challenge is a nationwide event that will be held Nov. 12-18 in 82 cities. It's estimated that 40,000 trivia "fanatics" will be participating in the event to help raise \$1 million for the National Easter Seal Society and its local chapters.

To participate each team will raise designated levels of sponsorship money ranging from a minimum of \$150 up to \$500 or more. For \$150 each team member will receive an exclusive first edition "Trivial Pursuit" cartoon book. For \$250, \$350 and \$500 levels, each team member will receive the special "Trivial Pursuit" books

and memorabilia such as desk calendars and appointment books, coffee or beer mugs and designer shirts.

Additionally, members of the winning team will be awarded a deluxe gold-plated "Trivial Pursuit" playing piece.

To get involved in the challenge, interested persons can contact the Trivial Pursuit Challenge Hotline at 722-3055.

REACH FOR THE "STARS" WHEN YOU JOB HUNT!!!
Dear Letter Writer:
Recently, I read an article in

a magazine about a gentleman who started a fabulous business promoting sports figures. He has many offices across the country and is doing wht he is really good at and people are eager to pay him for. I would really like to write a letter to him and attempt to get a job with his organization. It has to be a well-written, powerful letter; something that will get his attention and cause him to want to meet with me. I am presently employed in a job that I like, but a job that is going nowhere. Please help me sell myself to this man.

Sincerely, MJ

Dear Famous Man:

My life is replete with examples of my creativity and energy, together with my ability to take risks and pathfind.

I recently read, with enthusiasm, the October, 1984, issue of "Success" Magazine. I would like to meet with you as

soon as possible to discuss a mutually beneficial arrangement. I have enclosed my resume, which is just a "mere glimpse" into my background and expertise.

I found your "story" fascinating and believe that within me there is a similar tale to tell.

I would like to be a part of your staff and join with your team in putting together innovative and dynamic packages. Like you, I am aware of those things that I do well that people not only need but are willing to pay for.

Where I have been and where I am now are just the beginning of where I will be in the imminent future.

On an interpersonal note, my strongest asset is my ability to "hear what someone is not saying". My communication skills, both speaking and listening, are unsurpassed.

Married in the 60's and then

divorced with a family to raise, I am now "single" again as I have fulfilled my parental obligations as they regard nurturing my children.

It is a good feeling to be autonomous and have the flexibility that is commensurate with that lifestyle.

I am ready to relocate immediately and prepared to meet with you in any one of your offices to discuss my qual-

ifications and a position with your firm.

May I hear from you.

Sincerely, MJ

RESOLUTION: MJ sent this letter and is "impatiently" waiting to hear from the "Famous Man." When she gets the interview, as I am confident she will, the trick will be to impress him in person as strongly as she did in this letter.

A RESOLUTION TO ESTABLISH A TAX INCREMENT FINANCE AUTHORITY IN THE CITY OF ROMULUS PURSUANT TO ACT 450, PUBLIC ACTS OF MICHIGAN, 1980; TO PROVIDE FOR ESTABLISHMENT OF A BOARD OF TRUSTEES FOR THE AUTHORITY; TO DEFINE THE BOUNDARIES OF THE AUTHORITY DISTRICT CONSTITUTING THE TAX INCREMENT FINANCE AUTHORITY; AND TO PROVIDE FOR ALL OTHER MATTERS NECESSARY AND RELATED THERETO:

Minutes of a regular meeting of the City Council of the City of Romulus, County of Wayne, Michigan (the "Council"), held on October 22, 1984, at 8 o'clock p.m., prevailing local time.

PRESENT: Members: Banks, Baumann, Bergeron, Block, Lambert, Wadsworth and Raspberry.

ABSENT: Members: None

The following preamble and resolution were offered by Member Bergeron and supported by Member Wadsworth.

WHEREAS, the City of Romulus, County of Wayne, Michigan (the "City"), is authorized by the provisions of Act 450, Public Acts of Michigan, 1980 to create a Tax Increment Finance Authority; and

WHEREAS, the City adopted a resolution of intent to create and provide for the operation of a Tax Increment Finance Authority; and

WHEREAS, public notice has been given and a public hearing held on the Resolution of Intent to Create a Tax Increment Finance Authority in accordance with the requirements of Act 450.

NOW, THEREFORE, BE IT RESOLVED that

1. The Council determines that it is in the best interest of the City to create a tax increment finance authority pursuant to Act 450 in order to halt a decline in property values, increase property tax valuation, eliminate the causes of the decline in property values, prevent urban deterioration, encourage economic growth and encourage neighborhood revitalization.

2. There is hereby created, pursuant to Act 450, a tax increment finance authority for the City. The Authority shall be a public body corporate and shall be known and exercise its powers under title of "Romulus Tax Increment Finance Authority". The Authority may adopt a seal, may sue and be sued in any court of this state and shall possess all of the powers necessary to carry out the purpose of its incorporation as provided by this resolution and Act 450. The enumeration of a power in this resolution or in Act 450 shall not be construed as a limitation upon the general powers of the Authority.

3. The District in which the Authority shall exercise its powers as provided by Act 450 shall consist of the following described territory in the City, subject to such changes as may hereinafter be made pursuant to this Resolution and Act 450:

Beginning at the easterly 1/4 corner of Section 1 being the intersection of Beverly Road and Inkster Road/ thence due north 33ft to the northerly right-of-way line of Beverly Road/ thence westerly along the northerly right-of-way line of Beverly Road to the westerly right-of-way line of Middlebelt Road/ thence southerly along the westerly right-of-way line of Middlebelt Road to the north right-of-way line of the I-94 freeway/ thence southwesterly to the easterly right-of-way line of Brandt Avenue extended/ thence northerly along the easterly right-of-way extension of Brandt Avenue to the northerly right-of-way line of Smith Road/ thence westerly along the northerly right-of-way to a point on Smith Road 600 feet east of the easterly right-of-way line of Merriman Road/ thence northerly along a line parallel to and 600 feet east of Merriman Road to the north right-of-way line of Ecorse Road/ thence westerly along the north right-of-way line of Ecorse Road to the westerly Section line of Section 10 and Section 3/ thence southerly about 550 feet along the westerly section line to the north right-of-way line of Henry Ruff Road/ thence southwesterly along the north right-of-way line of Henry Ruff Road to the north right-of-way line of Smith Road/ thence westerly along the north right-of-way line of Smith Road to the west right-of-way line of Wayne Road/ thence south along the west right-of-way line of Wayne Road to the south right-of-way line of Wick Road/ thence easterly 2,700 feet along the south right-of-way line of Wick Road/ thence south approximately 1,300 feet along the rear lot lines of the easterly lots on Lisa Drive/ thence easterly 520 feet to the rear property lines of the easterly lots along Michael Drive/ thence southerly along said line of the north right-of-way of the I-94 freeway/ thence southwesterly along the I-94 freeway to the westerly right-of-way line of Crossman Avenue/ thence southerly along westerly right-of-way line of Crossman Avenue extended across the I-94 freeway to the west right-of-way line of Shook Avenue/ thence south along the west right-of-way line of Shook Avenue to the north right-of-way line of the Norfolk and Western Railroad/ thence southwesterly along the

4. The Tax Increment Finance Authority shall be under the supervision and control of a Board of Directors consisting of 13 persons appointed by the Mayor subject to the approval of the City Council as established in Section 4(e) of the Act.

5. All expense items of the Authority shall be published annually and the financial records shall be open to the public pursuant to Act 442 of 1976.

6. Except as specifically otherwise provided in this resolution, the Authority shall have all powers provided by law subject to the limitations imposed by law and herein.

7. The fiscal year of the Authority shall begin on June 1st of each year and end on May 31 of the following year, or such other fiscal year as may hereafter be adopted by the City.

The Board shall annually prepare a budget and shall submit it to the Council on the same date that the proposed budget for the City is required by the City Charter to be submitted to the Council. The Board shall not finally adopt a budget for any fiscal year until the budget has been approved by the Council.

The Authority shall submit financial reports to the Council at the same time and on the same basis as departments of the City are required to submit reports. The Authority shall be audited annually by the same independent auditors auditing the City and copies of the audit report shall be filed with the Council.

8. The Authority shall be deemed an instrumentality of the City.

9. All resolutions and parts of resolutions, insofar as they conflict with the provisions of this resolution be and the same, hereby are rescinded.

10. This resolution shall be filed promptly with the Secretary of State and shall be published once in a newspaper of general circulation in the City.

OFFICIAL NOTICE TO THE CITIZENS OF THE CITY OF ROMULUS OF PUBLIC HEARING TO CONSIDER APPROVAL OF A PROJECT PLAN AND THE ISSUANCE OF THE BONDS PROPOSED THEREIN AS SUBMITTED TO THE CITY COUNCIL OF THE CITY OF ROMULUS BY THE ECONOMIC DEVELOPMENT CORPORATION OF THE CITY OF ROMULUS FOR TRANS-OVERSEAS CORPORATION PROJECT

PLEASE TAKE NOTICE that pursuant to Act 338 of the Public Acts of Michigan of 1974, as amended, The Economic Development Corporation of the City of Romulus has submitted a project plan to the City Council for its approval.

Said project plan deals with the construction and equipping of a 30,000 square foot office and warehouse facility to be owned by Trans-Overseas Corporation, to be used by Trans-Overseas Corporation, and to be located on a project area or site described as follows:

Land located in the City of Romulus, County of Wayne, State of Michigan being more particularly described as follows:

East 10 Acres of SW 1/4 of SE 1/4 of Sec. 13, T3S, R9E, City of Romulus, Michigan, described as Beg. at a point Dist. N. 88° 36' 00" W. along the S. line of said Sec. 13, 1370.15 ft. from SE Corner of said Sec. 13 and proceeding thence N. 88° 36' W. along S. line of Sec. 13, 332.86 ft.; Thence N. 0° 36' 25" E. 1308.77 ft.; Thence 88° 36' 57" E. 332.86 ft.; Thence S. 0° 36' 25" W. 1308.86 ft. to Point of Beg., excepting therefrom the Southerly 60 feet which has been sold for Road purposes, containing 9.5415 Acres more or less.

The above described property is located on North Side of Goddard Road between Inkster and Middlebelt Roads.

Said project plan details all information required by law relative to said project and its impact on the community. No persons will be displaced from the project area as a result of this project. Said project plan also proposes the issuance of revenue bonds by said Economic Development Corporation in a maximum principal amount not to exceed \$750,000 to assist in the financing of said project.

The City Council will meet at 7:00 o'clock P.M., Monday, the 26th day of November, 1984, at the City of Romulus municipal offices located at 11111 Wayne Road, Romulus, Michigan, and will conduct a public hearing.

The public hearing shall consider the advisability of the City Council approving, modifying or rejecting by resolution said project plan and the issuance of bonds as proposed therein.

THIS NOTICE is given pursuant to the requirements of Sections 10 and 17 of Act 338, Public Acts of Michigan, 1974, as amended. The project plan and relevant maps or plats are available for inspection at the City Clerk's office.

All interested citizens are encouraged and will be offered an opportunity at said hearing to address the City Council concerning said project, said project plan, and the bonds proposed to be issued. Written comments may also be submitted to the City Clerk prior to said hearing.

Area hospitals participate in Diabetes Week testing

Free screening tests for diabetes will be available in Western Wayne County, during Diabetes Detection Week, Nov. 11-17. The American Diabetes Association-Michigan Affiliate is sponsoring the testing program in cooperation with more than 170 hospitals and health facilities in many communities in Michigan.

It is estimated that there are approximately 240,000 people in Michigan who have diabetes and do not know it. The purpose of this drive is to identify these people and to alert them to the need for proper treatment. The earlier diabetes is detected, the better. Diabetes is the leading cause of blindness and a major factor in kid-

ney failure, heart attacks and strokes. The testing is limited to those over 18 years of age and persons who have not previously been diagnosed as diabetic. To assure an accurate test, it is important to eat a high carbohydrate meal, one with large amounts of starches and sugars, two hours before the test.

A good breakfast to have before the test, for example, would be fruit or juice, cereal with milk and sugar, two slices of buttered toast with jam, and coffee or tea. A person planning to take the test after lunch could have a bowl of soup, a sandwich, cake or pie for dessert, and a glass of milk.

The meal should be eaten within a 15-minute time period and nothing else except water should be taken before the test. The name and address of the family physician is needed for follow-up.

The most common symptoms of diabetes are excessive thirst,

frequent urination, blurring vision, constant hunger, or the slow healing of cuts and scratches. The disease, however, may be present without any symptoms. People who are over 40, overweight, and blood relatives of a diabetic are particularly urged to take the test since they are in the "high risk" group of those most likely to develop diabetes.

Locally, the testing will be available at:
— Annapolis Hospital, 33155 Annapolis, Wayne, from 1 to 3 p.m. Nov. 12-16;
— Beyer Memorial High School, 135 S. Prospect St., Ypsilanti, from 10 a.m. to 4 p.m. and 7 to 9 p.m. Nov. 13-15;
— Garden City Osteopathic Hospital, 6245 N. Inkster, Road, Garden City, from 2 to 6 p.m. Nov. 12-17;
— Heritage Hospital, 24775 Haig Road, Taylor, from 9 a.m. to 3 p.m. Nov. 12-16;
— 8 Westland Medical Center, 2345 Merriman Road, Westland, from 9 a.m. to 3 p.m. Nov. 13-15.

Line held on taxes

Wayne County property owners will pay the same tax rate (7.32 mills) as last year, according to County Commissioner Milton Mack.

Commissioners approved the general tax spread on State Equalized (SEV) real and personal property recently. SEV is computed at 50 percent of the true market value of property in any given area and taxes are paid according to the number of mills levied against the property (1 mill equals \$1 per \$1,000 of the property's equalized value). "A \$100,000 home in one community might be worth only \$80,000 in another," explained the commissioner. "The SEV of the \$100,000 home will be \$50,000 and the taxpayer will pay 7.32 mills or \$366. The person whose home is evaluated at \$80,000 will pay on \$40,000 or \$292.80."

While the 1984 tax rate remains the same, Wayne County will collect about \$14,000 less because of a slight downturn in total county property values from \$18.97 billion in 1983 to \$18.06 billion this year. The county's general fund will receive \$132.2

million, of which \$4.5 million is earmarked as the county's share of the Huron-Clinton Metropolitan Park Authority operation. Huron-Clinton manages 10 metro parks in Wayne, Macomb, Washenaw, Oakland and Livingston counties.

"County tax rates are constant throughout the various cities and townships, but individual community rates vary based on local units of government and school levies," Mack said.

State Equalized Valuations for area communities as approved by the county include:

— \$26,163,620 for the City of Belleville;

— \$168,186,510 for the City of Inkster;
— \$309,107,220 for the City of Romulus;
— \$227,506,110 for the City of Wayne;
— \$609,459,810 for the City of Westland;
— \$510,196,850 for Canton Township;
— \$91,915,360 for Huron Township;
— \$69,839,380 for Sumpter Township;
— \$205,775,830 for Van Buren Township.

MUST BE 21

I would like to express my sincere appreciation to all my supporters and campaign workers.

We have had a long and hard campaign and without your help and support we would have never accomplished our goal.

Just to say thanks seems so small, but thanks to you all.
